

Foreword

The Newcastle Allotment and Garden Show will take place again this year.

Does this show go from strength to strength? We believe so.

So, once again, on Sunday 15th September the show will be held in Leazes Park, under the cover of a marquee, where you will be able to see some of the finest produce that the gardeners and allotment holders in our region can produce. In addition, you can marvel at the efforts of our young gardeners whose skills and artistic talents will produce the usual closely fought contests.

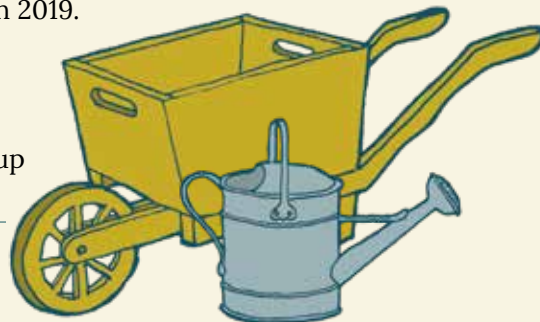

So, why not show the gardening skills you have by joining in and staging some of your home grown produce? You never know you may win and there is always the possibility that you could be spending some hard earned prize money at our usual variety of stalls. Our regulars will be present, as well as some new ones to add to the excitement along with the ever-popular children's activity stalls.

We have made some changes this year which you will see in this schedule and hope that, following the terrific support and super show at this venue last year, we will have as great a success as in 2019.

See you there!

Paul Herbertson

Chair of Newcastle Allotments Working Group

Hints for exhibitors

The following hints are designed to help give a few pointers to all entrants but particularly to the beginners amongst you.

1. Please read all rules carefully.
2. Remember the correct times of staging.
3. Always check the number of exhibits required in a class, for example 1 plate of 6 tubers. An incorrect number will be disqualified and the exhibitor card marked NAS (Not As Schedule). This is a common mistake and leads to disappointment for the exhibitor.
4. Always pay attention to the appearance of your exhibits. They should be clean, fresh and free from blemishes and pests. Try to display as attractively as possible. Visit other shows to see how they are presented. It is a good way to prepare and understand how your exhibit can look its best.
5. If you do clean and prepare your exhibit, do so as gently as possible. Highly polished exhibits will be seen as "unnatural". Exhibits with skins rubbed off will be marked down.
6. All fruits should have stalks left on and the vegetables should be trimmed and dressed as follows:

- Onions should be dressed by tying or whipping with cotton or raffia, rings may be used.
- Root vegetables should have at least 75mm (3") of tops left on.
- Tomatoes should have stalks left on.

These tips are to set apart home grown produce from shop bought.

7. Judges like to see the name of the variety or cultivar you are exhibiting. If you are unsure or have forgotten, please mark your exhibitor's card with the words "unknown".
8. Always try to display exhibits that are similar in size and shape. This will look better and receive a more favourable decision from the judges.
9. Entering the show is meant to be enjoyable, so if you do need extra advice, or more entry forms, please contact the Allotments Officer on 0191 278 3094 or 0191 2812082.
